# Northwest Band Camps

Music and a lot More!

at Twin Rocks

FIRST CAMP: June 17-23 • SECOND CAMP: June 24-30

[www.nwbandcamps.com](http://www.nwbandcamps.com)

## MISSION STATEMENT

The Northwest Band Camps are an exciting and invigorating musical experience for Middle and High School music students. We are pleased to offer two one-week summer camps on the beautiful Oregon coast that give young musicians **the opportunity to meet with many other similarly interested students in a friendly, fun and inspiring environment.**

Combined with exciting recreational activities and culminating in rewarding and exceptional performances, Northwest Band Camps truly are "Music and a lot More!"

Our goal is to promote music that will benefit school bands and generate enthusiasm in young students so they will continue playing their instruments throughout intermediate school, high school, college and beyond. This is accomplished by providing an excellent learning environment for students to grow in their musical skills while having fun with other students their own age. The camps include training in concert band, jazz band and smaller ensembles with excellent teachers.

There is a wide variety of recreational activities in an outstanding environment. Parents are always welcome to visit during the week.

## WHO MAY ATTEND?

Northwest Band Camps are for students going into grades 6 through 12 who have had at least one year of school band.

## Why Should Young Musicians Attend the NW Band Camps?

Young Musicians will have the opportunity to carry home a new loyalty and enthusiasm for music and for their school bands.

Summer months are usually lazy months, during which little or no constructive music work is done. A week at Band Camp offers the student valuable musical training as well as opportunities for fun and recreation.

When considering plans for the summer, parents and music teachers may wish to study the relative merits of the available music camps.

- Do the camps have a broad program of activities?
- Is there a well-developed and responsible staff for counseling, guidance, and supervision?
- Are the living quarters desirable, and is the food of the highest quality?
- Is there an excellent program for recreation and social activities?

At the Northwest Band Camps, we can answer each of these questions with an enthusiastic YES!. The staff will consist of experienced junior high, high school and college music teachers. The ratio is about one staff member to six campers.
